

I will add the energy consumption details of at least five electrical items in my house to the AMEE climate change database but only if **500** other people will do the same (or better).

— **Tom Steinberg, Director, mySociety**

More details: AMEE is a big database which helps people and companies calculate their carbon footprints. They've just started accepting details about products entered by users, and it seems worth a few minutes to add to a useful public resource. Check out the details here:

<http://www.amee.cc/?p=147>

For more info on AMEE in general check:

Text **pledge ameepledge** to **60022** (UK only) or pledge at [www.pledgebank.com/ameepledge](http://www.pledgebank.com/ameepledge)

This pledge closes on **1st October 2008**. Thanks!

Remember, you only have to act if 500 other people sign up – that's what PledgeBank is all about.
