

I will stop withholding taxes from my employees' paychecks but only if 5,000 other people in America will too.

— Ian Bernard, the host of Free Talk Live

More details: Government is out of control and freedoms are being crushed. Have courage. Liberty is not lost and big government can be stopped. Why continue feeding the very system that binds you, your friends, and your family?

It's time for business owners to take the lead in the Second American Revolution. Many of your employees look up to you. Consider setting a good example and stop withholding taxes from their paychecks. Most of them aren't aware of how much they are taxed. They will love you for the raise, and then they will have to decide for themselves to pay or not.

Perhaps you've always dreamt about having the courage to stop withholding. I hope this pledge will assist you to find the strength you still have.

Isn't freedom worth fighting for? Join the nonviolent revolution and set your employees free from the oppressive income and social security taxes!

Will you make a stand for Liberty and refuse to withhold? Or will you keep sending in money and filling out paperwork like a "good little citizen"?
